COUPLINGS

Great quality even better savings
page D-1 through D-11

- Flex Couplings for DWV + Non Pressure Transitions
- PROSEAL for resistance to shear force + corrosion
- Test + cleanout + caps for plastic + hubless cast iron
- No Hub unique "High Efficiency" clamp (HE)

We stock a variety of drainage solutions at economical prices. Our flexible couplings range from three-quarters of an inch, up to 18 inches – and our test-caps span one-and-a-half to eight-inches. We also supply a wide variety of ProSeal shielded transitional couplings – designed to resist shear force and corrosion. Ask us for the specifications in just a moment.
